Hello Faculty & Staff,

Thank you very much for your support and time on Friday, August 28 with the LLC Programs! Your willingness to host and/or facilitate a session with the new LLC students really helps to welcome them to our campus and helps them connect immediately with their LLC.

If you have any feedback on your program, please do not hesitate to reach out and share that with me. I am interested in hearing what went well, what could be done differently, thoughts, ideas, etc.

Faculty and Staff involvement in the LLC Program one of the most unique aspects that we can offer our students. Thank you again for your commitment and time!

Have a wonderful first week of classes!
