

How to Access Your Blackboard Account

Start at <https://www.brockport.edu>

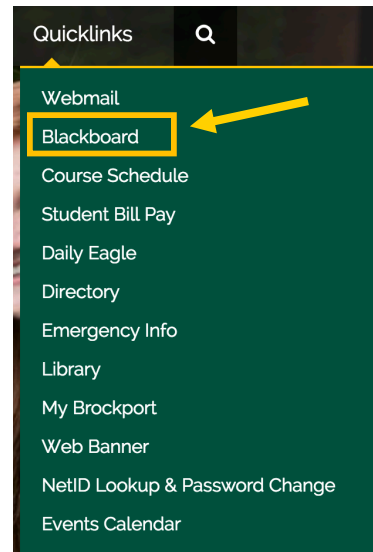

Hover over **Quicklinks** and choose **Blackboard**.

Enter your Net ID (e.g. asmit1) and password in the logon box.

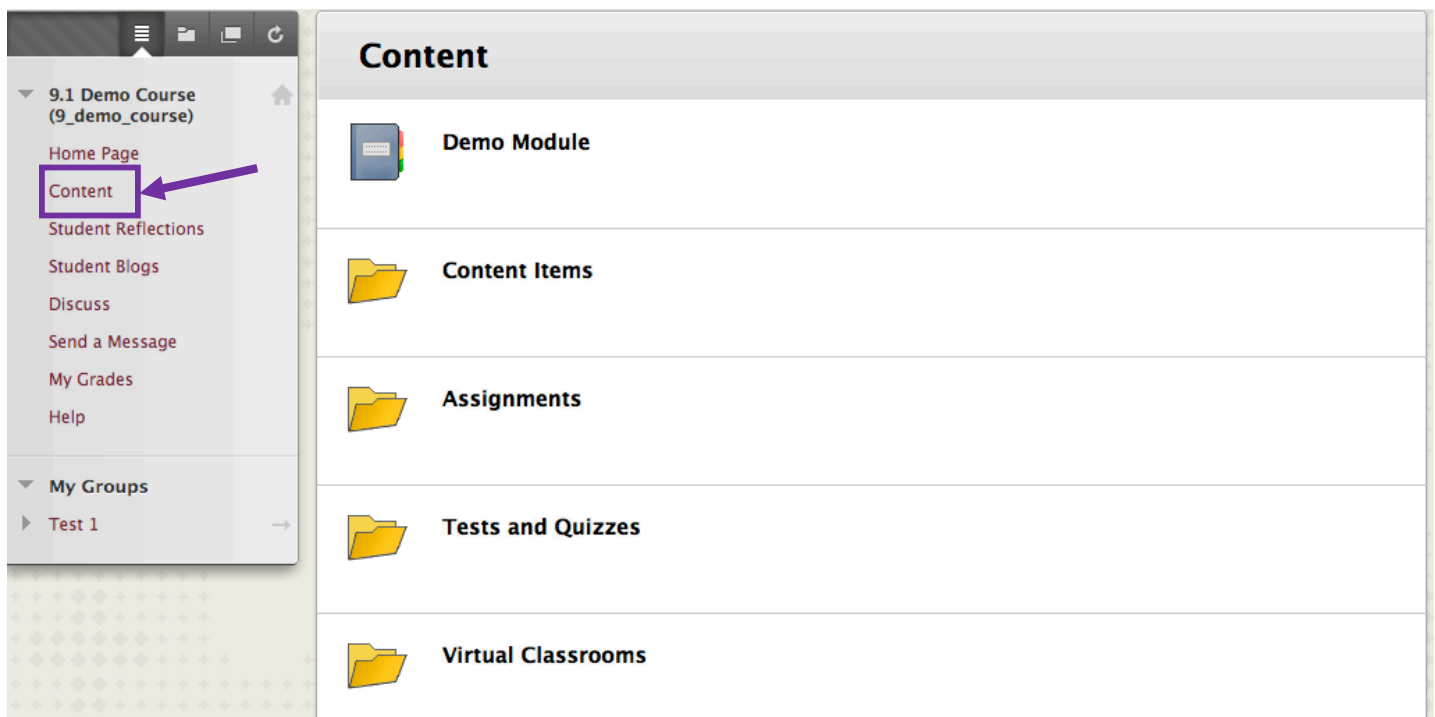

After signing in, click on the course name.

Be sure to check your Blackboard every day!

Once you're inside, click on the course name:

When you're in the course, most professors use an area called "Content." This name might be different for your course. **Click the link on the left that makes the most sense.**

How to Access Your Brockport Email

Before you can access your email, you need to create a password by going to <https://changer.brockport.edu> and clicking on "Change my Google Apps password."

What is a Google Apps Account?

Your Google Apps Account allows you to access Google Apps for Education services including **email** and **calendar**. **Only students** at Brockport have a Google Apps Account. Additional information about Brockport Google Apps Accounts can be found at https://suny.service-now.com/kb_view.do?sysparm_article=KB0010096

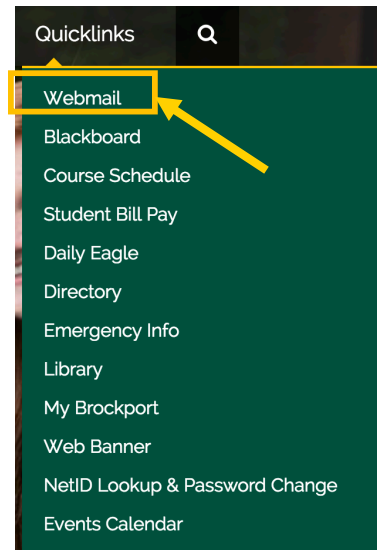

- [Change your Google Apps password](#)

When you're ready to sign in:

Start at <https://www.brockport.edu>

Hover over **Quicklinks** and choose **Webmail**

Click on the Gmail logo under **Students**.

Log in using your **Google Apps** account: NetID@u.brockport.edu.

☀ **Note:** this password might be different from your Blackboard one.

My Google Apps email is _____@u.brockport.edu.

☀ **Note:** Professor emails only end in @brockport.edu (there is no u).

When composing an email to a professor, it is always a good idea to include your course code (e.g. CRJ431) in the subject line.

Can't login? Call the IT Help Desk at 585-395-5151, opt. 1 and say "I cannot login to my email account."
