To Whom It May Concern:

Mr. Logan Rath has been a great colleague and I have enjoyed working with him for over six years. He has helped me learn the ins and outs of Interlibrary loan as well as setting up Tech Tools for students so that they can succeed and excel at SUNY Brockport. Logan has helped many students at the Reference Desk as well as with instruction. He has vast knowledge in many areas of the SUNY system. He has helped me as I have been telecommuting with all of my IT needs. I have always been able to count on him to respond to e-mails, text, and Teams messages right away and with the correct and helpful responses. He is a remarkable asset to SUNY Brockport.
