

To whom it may concern,

My name is Lucky Summer Light. I am a student within the Social Work Program and Alcohol and Substance Abuse Program (ASAP). Throughout my academic career at The College at Brockport, research was not on my line of sight as a fun or interesting activity, just another annoyance added to my class load. That being said, it was not until I had Logan in one (and now several) of my classes where I was engaged and directed in understanding the intricacy of the journal article databases.

Logan is a sweet, considerate and lascivious librarian. One should be honoured to have someone so passionate about navigating and conducting research, as Logan has proven, through many times of asking for help when I was beginning to conduct research. With all said, I hope that you consider Logan in accordance with this promotion. Logan has proven to myself and other students how building a human connection can bridge a gap between librarian and student and begin the process of opening intellectual doors within academe.

Kindest Regards,

A handwritten signature in black ink, appearing to read 'Lucky Summer Light', with a long horizontal flourish extending to the right.

Lucky Summer Light
