

The College at
BROCKPORT
STATE UNIVERSITY OF NEW YORK

Department of Social Work

Aug. 22, 2017

Dear APT Committee,

I am pleased to write a letter in support of Logan Rath's application for promotion to Librarian at The College at Brockport, State University of New York. I have known Mr. Rath for over four years and have had the pleasure of collaborating with him in several of my classes to ensure that my students understand the various operations and services of the library and how to access them.

All of my interactions with Mr. Rath, both in and out of the classroom have been positive. He has an extremely interactional approach, one that is both professional and welcoming. Mr. Rath presents in at least one of my classes almost every semester and manages to 'wow' my students with his knowledge and computer literacy every time. For myself, I always stay for his presentations because each time I learn something new. His ability to teach others how to quickly and professionally search databases and internet resources to find needed information includes the most up to date search techniques and technology, demonstrating his ability to keep abreast of current developments in librarianship.

Furthermore, it has been my experience that Mr. Rath is very serious about his career. He is always very organized and up to date with issues pertaining to his work in the library, while also taking the time to demonstrate his leadership and dedication to the larger College Community through his service. Through my work with Mr. Rath, it has been evident that he maintains a solid overall understanding of different issues confronting libraries of all sizes as well as students with different learning styles.

In closing, it is clear that Logan Rath has made valuable contributions through his work and I believe he will continue to do so. I consider myself to be fortunate to have collaborated with him and look forward to working with him again in the near future. I fully support his application for Librarian. Please let me know if I can provide additional information.

Sincerely,

Kristin Heffernan, PhD, LMSW

Full Professor
